Priority Focus

Booking Path

Score Breakdown

Key Finding

The brand has a strong service offering, but the booking path needs clearer calls to action, stronger proof, and a more complete Google Business experience.

Professional Recommendations

Prioritized recommendations show where to focus first for stronger trust, clearer decision-making, and more booking-ready conversations.

Priority 1

Strengthen the booking path

Add clearer service pathways, stronger mobile calls to action, and a dedicated booking prompt above the fold.

Priority 2

Improve Google trust signals

Refresh photos, complete service categories, and create a review request rhythm for recent happy clients.

Priority 3

Turn Instagram visits into inquiries

Make the bio more specific, pin service proof, and route visitors to a clear audit or booking action.

Business Opportunities

Create a conversion-focused website, improve Google visibility, and connect social traffic to a simple customer journey that makes booking feel easy.
